LUG An Introduction

The story of LUG (Logistics Unified Group) began in State of Qatar with a group of dedicated professionals setting up a new company with the objective of providing comprehensive Logistics and Supply Chain Management Services.

Now we are present in 150 nations across continents operating through certified and dedicated network of own offices, agents and service partners. Over the oceans, over the seas, in the air and on the roads, we work 24/7 braving the rough and tumble to reach your cargo right on the dot. We are the pioneers of cargo detailing services that involves detailed assessment of cargo, its contents and nature, statutory requirements prior to acceptance and after taking over the shipping assignment.

Our key services include Air and Ocean Freight, customs clearance at all entry and exit ports, road transportation, warehousing, distribution, trading of used shipping containers among others.

LUG provides logistics solutions for the Infrastructure, Oil and Energy, Retail (Fashion, F&B, FMCG, White Goods) industry apart from Healthcare and Sports. Our team members have several years of experience in the domains we are operating in. We have strong technology backend for process, reporting and analysis apart from having transparent key performance indicators (KPIs) to measure our implementation progress.
